

How to get a European patent

April 2004
(10th edition)

Guide for applicants – Part 1

Contents

Foreword

A. General

I. Introduction	5
II. Nature and purpose of the European Patent Convention	6
III. Relationship to other international conventions	6
IV. Choosing a route: national, European or international	7
<i>Legal factors</i>	7
<i>Economic factors</i>	7
V. Extending European patents to non-EPC states	9

B. Patentability

I. Invention	10
II. Novelty	11
<i>Basic principles</i>	11
<i>Prior rights</i>	11
III. Inventive step	12

C. Preparing and filing a European patent application

I. Formal requirements	13
<i>Entitlement to file European patent applications</i>	13
<i>States for which European patent applications may be filed</i>	13
<i>Languages for European patent applications</i>	14
<i>Language arrangements to assist applicants from certain contracting states</i>	14
<i>Items making up a European patent application</i>	14
<i>Request for grant</i>	14
<i>Designation of inventor</i>	15
<i>Claiming priority</i>	15
<i>Representation</i>	16
II. Presenting your invention	18
<i>Disclosing your invention</i>	18
<i>Unity of invention</i>	18
<i>Drafting the technical application documents</i>	18
<i>Description</i>	19
<i>Biotechnology applications</i>	20
<i>Claims</i>	21
<i>Claims incurring fees</i>	23
<i>Drawings</i>	23
<i>Abstract</i>	23
<i>Prohibited matter</i>	24
<i>Unity of European patent applications and patents</i>	24
III. Filing European patent applications	25

	<i>Where to file</i>	25
	<i>How to file</i>	25
	<i>Written confirmation</i>	25
	<i>Date of receipt</i>	26
	<i>Acknowledgement of receipt</i>	26
	<i>Applications filed with national authorities and forwarded to the EPO</i>	26
	<i>Fees</i>	27
	<i>Fee levels and payment methods</i>	28
IV.	Filing other documents.....	30
	<i>Where and how to file</i>	30
	<i>Signature</i>	30
	<i>Written confirmation</i>	30
	<i>Date of receipt</i>	31
	<i>Acknowledgement of receipt</i>	31

D. The European patent grant procedure

I.	General survey.....	32
II.	Procedure up to publication of the application.....	32
	<i>Examination on filing</i>	32
	<i>Formalities examination</i>	33
	<i>European search report</i>	34
III.	Publication of the European patent application.....	35
IV.	Examination procedure.....	36
	<i>Request for examination</i>	36
	<i>Stages of the procedure</i>	36
	<i>Amending applications before and during examination proceedings</i>	39
	<i>National requirements governing translations of European patents</i>	40
V.	Opposition procedure.....	40
	<i>Opposition period</i>	40
	<i>Grounds for opposition</i>	40
	<i>Form and content of the notice of opposition</i>	40
	<i>Examining the notice of opposition for admissibility</i>	41
	<i>Substantive examination of the opposition</i>	41
VI.	Appeals procedure.....	42
	<i>Filing an appeal</i>	42
	<i>Interlocutory revision</i>	43
	<i>Stages of the procedure before the boards of appeal</i>	43
VII.	Divisional applications.....	44
VIII.	Renewal fees.....	44
IX.	General provisions governing time limits.....	45
	<i>Missed time limits</i>	45
	<i>Completion of an omitted act</i>	46

ANNEX I

Chart showing the procedure for the grant of European patents.....	48
--	----

ANNEX II

Notice from the President of the European Patent Office dated 1 October 2001 concerning the programme for accelerated prosecution of European patent applications – "PACE" *	50
--	----

ANNEX III

Examples of European patent applications.....	53
---	----

ANNEX IV

Authorities with which European patent applications may be filed.....	82
---	----

ANNEX V

Requirements of contracting states regarding translations of European patent specifications.....	83
--	----

ANNEX VI

Time limits.....	84
------------------	----

ANNEX VII

Fees.....	87
-----------	----

ANNEX VIII

Patent information services.....	88
----------------------------------	----
